

Caring for Haitian Orphans with AIDS (CHOAIDS) is a nonprofit founded in 2003 by Marie-Denis Luque and established specifically for HIV+ children in Port-au-Prince, Haiti. It is home to 25 HIV+ orphaned children. Its mission is to enhance the quality of life for HIV+ orphaned children and women through education and care in a family-centered environment.

Your prayers of safety and continued good health are coveted. Political unrest has descended into violence with abductions and killings in Port-au-Prince commonplace. Our children remain safe albeit confined to their home in a safer neighborhood.

We very much welcome your inquiries into ways to support CHOAIDS through your individual gifts and graces.

We appreciate your financial donations in the following ways:

- Through your church, referencing our East Ohio Conference Advanced Special #9922
- By visiting www.choaids.org
- Send your contribution to CHOAIDS, Box 5135, Tallahassee, FL 32314

Information about CHOAIDS can be obtained in several ways:

- Via our website (www.choaids.org),
- Facebook (<https://www.facebook.com/choaids>)
- Contact board members:
