Review and Approval Process:

The Board of Higher Education and Christian Collegiate Ministries reviews all applications for potential ministry funding during the first quarter of each year. Applications that are approved by the Board for ministry funding will be recommended for final approval at the Annual Conference preceding the beginning of the month of January for the next year. Confirmation letters of ministries receiving final approval will be mailed after Annual Conference in advance of the month of January for the next year at which time monthly disbursements for funding will occur.

Note: Grant approval in any given year does not guarantee approval for additional funding in subsequent years. Undergraduate collegiate ministry grant awards are not designed to be sustaining sources of funding. Monies are intended to implement or increase capacity for intentional discipleship. Churches in formal partnership with the collegiate ministry are expected to pay 100% apportionments during grant application year and grant recipient year. Churches that have gone on record as withholding apportionments in protest will be automatically disqualified for consideration.
