

South Street Ministries equips and inspires the restoration of community, economy, and faith.

South Street Ministries

East Ohio Advance Number: 9195

This summer South Street Ministries is getting into the community! Our work with Bike Shop and RICH Kids EnRICHment program will engage Summit Lake youth in education and activities. Our leadership in the reentry community will continue as we expand the weekly reentry meeting, re-engage prison visits, and individually support the many returning citizens on their reentry journey.

Pray for God to move this summer in the community!

Pray for grace & love to be manifested in our service and our neighborhood.

Pray for God to raise up new leaders and volunteers to join with the ministry!

Pray for peace in the city of Akron.

For those looking to give of their time, treasure, and talents, consider serving this summer as a volunteer, joining an administrative committee to help plan for future ministries and efforts, or supporting the ministry financially.
